LEADING MEXICAN FAST FOOD RESTAURANT DEL TACO INTRODUCES THE FUTURE OF TACOS WITH BEYOND MEAT® PLANT-BASED PROTEIN

Brand becomes the first national Mexican fast food chain to offer plant-based meat on-menu with the addition of Beyond Tacos at its 580 locations beginning Thursday, April 25th

Lake Forest, CA – [Del Taco Restaurants, Inc.](#) (NASDAQ: TACO), the nation’s second leading Mexican quick service restaurant,* today announced the nationwide expansion of the company’s [Beyond Tacos](#), offered in partnership with plant-based leader, Beyond Meat®. Beginning Thursday, April 25th, Del Taco will become the first national Mexican fast food chain to offer Beyond Meat’s 100% plant-based protein option at the company’s 580 restaurants across the country.

“After receiving overwhelmingly positive feedback from fans during our tests in various parts of the country and across social media, we knew it was time to bring our Beyond Tacos to guests nationwide,” said John Cappasola, President and Chief Executive Officer of Del Taco.

“We saw a unique opportunity to develop our own recipe in partnership with Beyond Meat, adding various spices to create a signature Del Taco taste consumers can’t get anywhere else.”

Whether guests are vegan, vegetarian or looking to reduce their meat consumption, Del Taco fans can now try the company’s new Beyond Tacos,** which offer the same amount of protein and flavor as their seasoned beef tacos, but are made with 100 percent plant-based protein.

“We are excited to partner with Del Taco as they become the first national Mexican QSR to offer a plant-based meat option on-menu,” said Ethan Brown, Beyond Meat Founder & CEO.

“Our plant-based crumbles offer the delicious taste, texture and satisfaction of ground beef, while offering the added health and sustainability benefits of plant-based meat. I personally love the Beyond Avocado Taco— it’s a great way to fuel up without feeling weighed down.”

In addition to the core Beyond Taco items, Beyond Meat is also being offered as a substitute for any protein in existing Del Taco menu items, such as burritos, nachos and fries. Del Taco’s two initial Beyond Meat menu items will include:

- **Beyond Avocado Taco (vegan):** Del Taco seasoned Beyond Meat plant-based crumbles, hand-sliced avocado, crisp lettuce and fresh diced tomatoes in a crunchy shell.
- **Beyond Taco (vegetarian):** Del Taco seasoned Beyond Meat plant-based crumbles, hand-grated cheddar cheese, crisp lettuce and fresh diced tomatoes in a crunchy shell.

For guests with a hunger for plant-based protein and a great deal, Del Taco is helping to satisfy that craving as well, as starting on April 25, anyone who has or downloads the Del Taco app can get a FREE Beyond Taco or Beyond Avocado Taco, no purchase necessary, when they enter promo code “Beyond” into the app, valid for seven days at participating restaurants.
