

## **Beyond Meat Launches The Beyond Burger® in The Meat Section of Nearly 200 Jewel-Osco Supermarkets Across Illinois**

*The plant-based Beyond Burger seeks to win over carnivores in the Heartland of America*

**EL SEGUNDO, California** (November 16, 2017) -- Beyond Meat® is expanding its footprint in the meat-centric state of Illinois with distribution of its revolutionary Beyond Burger® in the meat section of 200 Jewel-Osco grocery stores. The ground-breaking burger's retail expansion in Chicago is a historic moment for Beyond Meat as Illinois will now be the third largest grocery market for the brand, behind California and Washington.

“Chicago has been, and continues to be, a terrific market for us,” said Beyond Meat CEO Ethan Brown. “I’m so pleased to see the Beyond Burger gaining so much traction there, and am thrilled to gain placement in the meat aisle at Jewel-Osco. The consumer's experience with the Beyond Burger needs to be as seamless as possible, including where they find it--in the meat section--and we applaud Jewel-Osco for thinking expansively about the future of protein.”

As a testament to the swelling demand, Epic Burger, Beyond Meat’s first restaurant partner in Chicago, sold over 20,000 Beyond Burgers across 8 locations since launching in July. That equates to 10% of Epic Burger’s sandwich and burger sales. The typical veggie burger makes up just 1% of such sales for burger chains that provide the option. What accounts for the difference is The Beyond Burger’s appeal to meat-lovers who seek to incorporate delicious plant-based options into their diet.

The addition of Jewel-Osco brings The Beyond Burger’s distribution footprint to 4,300 retailers, including the nation's two largest grocery chains Kroger and Albertsons, as well as 3,700 restaurants. Below is a list of retailers & restaurants in the Chicago and Illinois area who carry The Beyond Burger:

## ***ACCELERATING GROWTH***

Beyond Meat’s rapid retail growth is coupled with major food service/restaurant wins, including an exclusive partnership with Sysco that, since launching in September, has produced 2,000 new food service outlets carrying The Beyond Burger. This includes restaurants, hotels, college campuses and professional sports teams’ training camps. Many of these restaurants are innovative, single-unit restaurants like Delilah LA, The Moonlighter in Chicago, The Distillery NYC and The Hamilton Inn in Jersey City, that seek to appeal to meat eaters and vegetarians alike by offering innovative, plant-based options.
